our Strength!***

MULAG® *Towing Tractor Comet 10 / 12 A*

Equipment

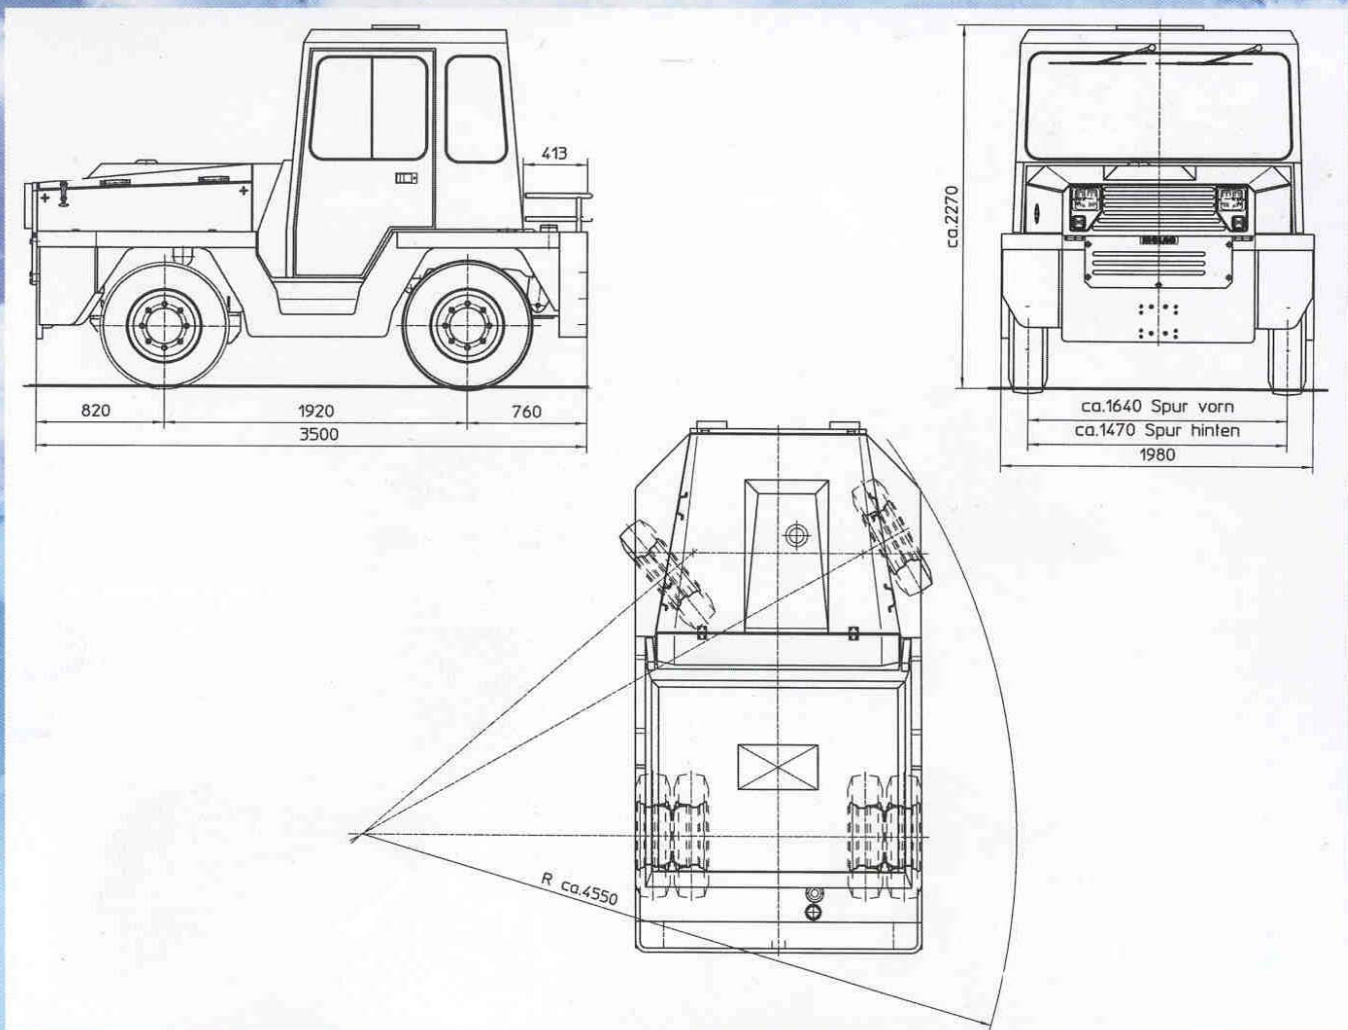

With different couplings possible, for totally flexible use of the tractor.

Special coupling

for push-back-operation.

Technical Data:

Engine:	Water cooled Deutz Diesel 4-cylinder / BF 4 M 1013 E 88 kW / 120 hp at 2500 rpm (others upon request)
Transmission:	Hydrostatic permanent 4-wheel- drive
Steering:	Hydrostatic steering system.
Brakes:	Drum brake front & rear, hydraulic spring-loaded parking brake
Front axle:	Steering axle suspended in leaf springs with drum brakes
Rear axle:	Differential driving axle suspended in leaf springs with drum brakes
Electric system:	12 V battery 143 Ah
Lighting:	According to STVZO (german road regulations)
Tank capacity:	approx. 110 l Diesel
Dead weight:	approx. 10500 kg / 12500 kg
Drawbar pull:	approx. 60 kN (6000 kg)
Width:	approx. 1980 mm
Length:	approx. 3500 mm
Height over top of cab:	approx. 2270 mm
Wheel base:	1920 mm
Track width:	approx. 1640 mm front approx. 1470 mm rear
Turning circle:	approx. 4300 mm (ext. wheel)
Wheels / tires:	9,5 R 17,5 XZT, 6-fold
Ground clearance:	approx. 180 mm
Driving speed:	approx. 25 km/h

Serial equipment:

- Robust industrial engine
- Permanent hydrostatic 4-wheel drive
- Hydrostatic steering
- Dual circuit power brake with vacuum booster
- Hydraulic parking brake, activated by spring-loaded cylinder
- Lighting and horn according to german road regulations
- 5-fold trailer coupling rear (others upon request)
- 2 outside rear view mirrors
- Comfortable driver's seat hydraulic suspended
- Safety belt
- Angle-adjustable steering wheel
- Roof light*
- Wiper and washing system for windscreen**
- Sun shield for driver**
- Fuel gauge
- Working hour counter
- Emergency-switch-off
- Indicator for the wearing out of brake lining

* at closed cab

** at closed and open cab

MULAG® Towing Tractor Comet 10 / 12 A

Reversing device

easy access, for one-man-operation while coupling.

The MULAG Diesel Towing Tractor Comet 10 / 12 A can be delivered with closed, sound-damped cab.

- The cab is stored separately on vibration damper elements which guarantee the minimization of vibration and noise inside the cab.
- Alternative:
 - + open cab with windscreen and roof
 - + open driver's position

MULAG Towing Tractors are well-known world-wide for their:

- fully perfected technology
 - combined with the latest technical developments
 - excellent production quality (DIN EN ISO 9001)
 - extra high availability and reliability
 - extremely low maintenance costs
- = **highest economy!**

The concept of our tractors has been proofed for over 30 years now.

Especially for this vehicle, we designed a unique chassis:

- optimum weight distribution with excellent dynamic characteristics
- very easy and fast access to all important parts, maintenance and control spots.
