

A318, A319, A320 & A321 Towbar

AERO Product ID: 2001067

AERO Legacy Product ID: 001704

This towbar is fabricated to withstand the forces of pushback and towing operations when attached to the nose gear of the Airbus A318, A319, A320, or A321 aircraft. The towbar features a tube constructed of high strength aluminum, quality shear bolts for aircraft protection, a safety lock system, fully retractable hydraulic running gear for adjustable height, pneumatic tires, durable powder coated paint, and an extra set of shear bolts.

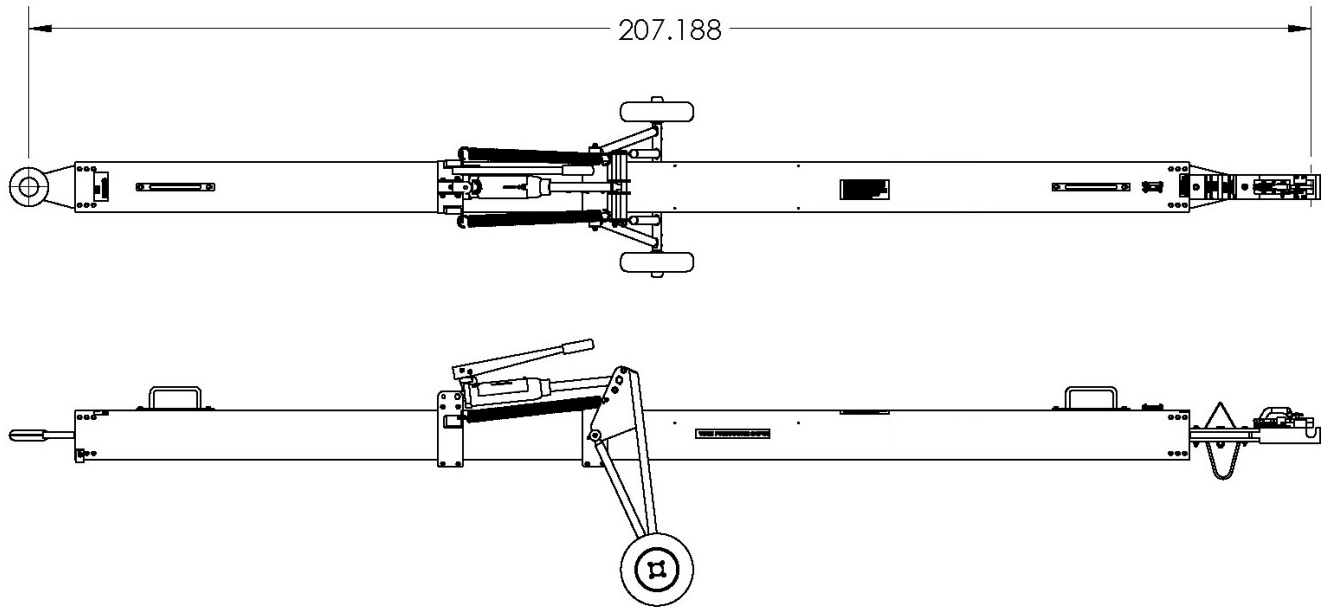

Features

- 8" x 15' (20.32cm x 4.57m) tube made of high strength aluminum
- Quality shear bolts for aircraft protection
- Safety lock system to avoid separation from aircraft
- Fully retractable hydraulic running gear for adjustable height
- Pneumatic tires
- Durable powder coated paint
- Extra set of shear bolts included

Options

- Custom paint is available
- Foam filled tires
- Shock mounted lunette
- Spliced tube for easy transport
