

### Water Service Unit Options:

- Small type: WSU 1.5
- Medium type: WSU 2.0 or WSU 2.5
- Large type: WSU 3.0 or WSU 4.0

### Technical data:

#### Capacities:

Tank	Small Type	Medium Type	Large Type
Water-tank	1,500 L	2,000 L 2,500 L	3,000 L 4,000 L

#### Basic configuration:

- Tank material made from stainless steel / 304
- Isolation hood, approx. 25 mm thickness
- Water pump made from stainless steel
- Filling level indication with display in drivers cabin
- Dry run safety for pumps and heaters
- Drive interlock for hose coupling and external voltage
- Illuminated digital display for litre rates
- Pressure pre-selection / 1,5 and 3,5 bar

#### Options:

- Disinfection system without chemical use and internal water circulation
- Automatically on board chlorine measuring system
- Winter service package / temperature range -40 up to +50°C
- Hydraulic lift platform
  - Lifting height 2,980 mm
  - Shifting horizontal 500 mm
- Intelligent On-Board battery charger
- many more

#### Chassis Options:

- I.e. MERCEDES ATEGO, MAN TGL, ISUZU NPR respectively to your wishes
- Wheelbase starts with approx. 3,000 mm
- Manual or automatic gear
- Gross weight starts with approx. 6tons
